Partner Brief · The District

The Investment Map · Portfolio Demonstration · Prepared for Historic District Development Corporation · Housing first

October 12, 2026
Demonstration data

Recommendation. 6 parcels across 2 pillars. Investment $18.6M, value created $19.7M, new annual property tax $357K. The gap is $4.01M under the Equity Partner role. HDDC equity of $5.01M closes it, with that exposure on the balance sheet. Planning estimate, editable assumptions.

6	$18.6M	$19.7M	$357K	Equity Partner	$4.01M
PARCELS ASSIGNED	INVESTMENT	VALUE CREATED	NEW ANNUAL TAX	HDDC ROLE	THE GAP

DIAGRAM

ASSUMPTIONS

· 2 pillars in use
· Acquisition at 0% of assessed value
· Market profile: Atlanta, Georgia (cost × 1, value × 1.2, tax 1.60%)
· Georgia programs: state historic credit 25% up to $5M per project, Georgia EPD Brownfield Program
· Sustainability off

HDDC PRINCIPLES CHECK

Non displacement: Holds. No building with an active use is slated for demolition.
Historic preservation: Holds. 2 buildings 50 years or older stay standing.
Sustainability: Watch. Sustainability is off.

Planning estimates with editable assumptions, never an appraisal or a tax determination. Figures of record are stylized demonstration data. Cost = basis sqft × cost per sqft × mode adjustment × market multiplier. Value after investment = total investment × value factor. New annual property tax = value after investment × effective tax rate. The client team keeps the instrument. Partners receive the paper.
